**Dissemination activity at Europe House in Tirana!**

During 11 and 12 October 2022, European delegation in Tirana organized EU4Youth day. At Europe House, Entral took a place in the Erasmus plus Tirana angle with poster and other promotional materials.

Visitors and young teachers stopped and read about Entral project. One of those was the ambassador of EU in Tirana.

**Workshop in Vlore, Albania**

During 6 and 7 September 2022.

The activity has been focused on the implementation strategy of pilot courses of training modules by Albanian partners that they developed during the WP3. Teachers and academics, also students attended the meeting and expressed their needs and specific requirements the entrepreneurship education process

**Pilot course for University Teachers at ECUG**

During 12 and 13 December 2022, the ECUG partner team implemented successfully the pilot course titled "Toward an entrepreneurial mindset" at the university, inviting the academic staff to participate actively. The program designed completed the requirements of an European standard quality. The testimonials and practical examples made the sessions very interesting and attractive. The event has been promoted by the local TV.

**Pilot course for students at UAMD**

During 13 to 15 December, UAMD Partner team implemented the Pilot course for students titled innovation Camp. There were very attractive sessions for the participants and they learned entrepreneurship concepts and practical skills.

**Pilot teacher training courses at UV**

After a long period of module Development and accreditation process in two phases, for 6 days, UV partner team implemented two pilot teacher training courses with the participation of 39 elementary teachers and 40 teachers of pre university education. Workshop in Vlore, Albania during 6 and 7 September 2022. The teachers attended with interest the sessions of the training programs, and they won one credit available for their qualification.
